## **Armour User Manual**

----

This user manual supplements the help features that do not appear in the program via the "?" help boxes.

### **Main Screen**

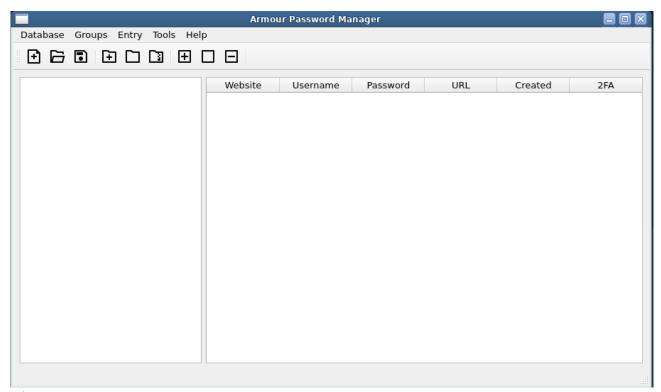

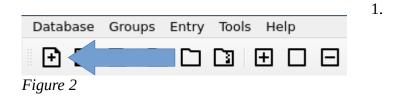

Figure 1

Figure 1 is what can be seen when you first open up the Armour system.

# Registration

Registration can be complete in three ways:

1.

By clicking on the icon highlighted in figure 2.

2.

Figure 3

By clicking on the menu option as can be seen in figure 3.

3. By using the keyboard shortcut CTRL + N

### Login

After the user has registered, they have the login. Logging in can also be done in 3 ways:

1.

Figure 4

By clicking on the icon highlighted in figure 4.

2.

Figure 5

By clicking on the menu option as can be seen in figure 5.

3. By using the keyboard shortcut CTRL + O

Figure 6

Password groups as can be seen by the yellow arrow in figure 6 are dividers that divide your password entries into separate groups. To create new groups, edit existing groups or to remove groups, it is possible to right click on a group and select a specific menu option or it is possible to do so by clicking on a group and selecting one of the options highlighted by the red arrow or using the keyboard shortcuts.

#### **Password Entries**

To add, edit and delete password entries, similar to groups, it is possible to right click on a specific password row and select the desired option. From there, other options such as looking at previous passwords and copying entries is possible too.

It is also possible to add, edit and delete password entries by using the menu options highlighted by the green arrows or using the keyboard shortcuts.

To copy specific columns fast, it is possible to double click on a particular table cell to copy the contents of that cell to the computers clipboard. The contents are copied to clipboard for 30 seconds and are then removed. Tables columns that are copiable appear as blue arrows.

#### **Theme**

It is possible to change the programs theme depending on preference by using the theme option that can be accessible from the tools menu highlighted by the black arrow in figure 6.
